No. P. 9, B of 1933.

OFFICE OF THE SURGEON-GENERAL
WITH THE GOVERNMENT OF BOMBAY.

Poona, 21st September 1933.

FROM

Major-General H. R. NUTT, M.D. (Lond.), F.R.C.S., V.H.S., I.M.S.,
Surgeon-General with the Government of Bombay,
Poona.

To

THE SECRETARY TO GOVERNMENT,
General Department,
Bombay.

Subject.— Annual Report on Civil Hospitals and Dispensaries for the year 1932.

Sir,

I have the honour to submit for the information of Government the report on the Civil Hospitals and Dispensaries in the Bombay Presidency for the year 1932.

Buildings.

2. The hospitals have been kept in fair condition of repairs. No new major works were carried out during the year owing to financial stringency.

Statement A.

3. The total number of institutions open on 31st December 1932, was 676.

Statement B.

4. The total number of patients treated during the year under report was 3,734,974 against 4,008,064 in the preceding year. Of the total treated 104,534 were treated as in-patients and 3,630,440 as out-patients as compared with 110,628 and 3,897,436 respectively treated in 1931. The decrease in the number is partly due to the levy of hospital fee of one anna and two annas. The total number of patients treated at female hospitals and dispensaries was 113,391 against 118,628.

Of the in-patients treated during the year 62,205 were cured, 19,665 were relieved, 9,932 were discharged otherwise and 6,735 died. The ratio of deaths per cent. to total treated as in-patients was 6·4 the same as in 1931.

The total number of beds available was 7,174 in 1932 against 7,280 in 1931. The small decrease in the number of beds is due to the transfer of control of the hospitals in Aden to the Government of India. The daily average number of patients occupying them was 4,634·2 as compared with 4,758·5 in the previous year. The average daily attendance of out-patients was 34,040·5 against 37,324·1 in the preceding year.

Statement C.

5. The subjoined table shows the principal diseases with their respective mortalities among the in-door and out-door patients treated during the year 1932 :—

Diseases.	Total treated.	Deaths.
Dysentery	80,894	190
Leprosy	3,712	102
Malaria	939,468	132
Plague	1,784	95
Influenza	69,970	27
Small-pox	1,183	66
Tuberculosis of the lung	27,989	933
Other tubercular diseases	10,426	200
Anæmia	34,444	197
Injuries (General and Local)	387,540	1,038
Labour cases (normal and abnormal) ..	26,951	254

Statement E.

6. Of the total treated during the year 2,383,448 were Hindus, 1,173,143 were Mussalmans, 24,795 were Europeans and Anglo-Indians and 153,588 belonged to other classes.

Statement F.

7. The total number of surgical operations performed during the year under report numbered 145,751 against 147,933 in 1931. They were performed on 143,906 persons with a mortality of 0·5 per cent. as compared with 146,135 persons with the same percentage of mortality in 1931.

There were 1,455 operations for removal of tumours and cysts with 14 deaths against 1,381 with 11 deaths in 1931. Amputations numbered 736 with 49 deaths against 594 with 43 deaths in the previous year. Operations on the eye numbered 7,407 of which 2,842 were for extraction of lens for cataract against 7,186 of which 2,076 were for extraction of lens for cataract in 1931. Vesical Calculi were removed by Litholapaxy in 1,189 cases with 15 deaths against 1,151 with 21 deaths in 1931.

Lithotomy was performed in 154 cases with 12 deaths against 176 cases with 19 deaths in the previous year.

Abdominal operations other than those for diseases peculiar to women numbered 2,103 with 217 deaths against 2,300 with 201 deaths in 1931, while those for diseases peculiar to women numbered 275 with 12 deaths against 240 with 14 deaths in 1931. The total number of abdominal operations was 2,378 with 229 deaths against 2,540 with 215 deaths. Operations for Hernia numbered 756 with 45 deaths as compared with 930 with 26 deaths.

Operations for abscess of liver numbered 189 with 12 deaths against 111 with 9 deaths in 1931. Obstetric operations numbered 1,939 with 72 deaths against 1,844 with 72 deaths in the previous year. Operations for conditions peculiar to women other than Obstetric and abdominal operations numbered 1,638 with 25 deaths as compared with 1,301 with 14 deaths in 1931.

Statement G.

8. The total receipts inclusive of cash balance amounted to Rs. 57,44,912 as compared with 61,83,481. The apparent decrease in the receipts for the year 1932 as compared with those for the year 1931 is attributable mainly to the exclusion of the receipts of Hospitals in Aden which have been transferred to the Government of India. The same reason accounts for the decrease in the expenditure shown in the sub-paragraph below. Of the total receipts for the year 1932, Rs. 4,53,256 were contributed by Local Boards, Rs. 15,11,115 by Municipalities and Rs. 27,59,530 by Government. The interest on invested capital amounted to Rs. 82,690. Miscellaneous receipts amounted to Rs. 6,10,853 of which 1,67,683 were contributed by the several Nursing Associations.

The total expenditure amounted to Rs. 54,64,715 as compared with 59,08,003 in 1931. Deducting from this Rs. 2,70,823 remitted into the Treasury in the case of Government Hospitals or credited to Dispensary Fund in the case of Dispensaries on account of Hospital fees, sale proceeds of unserviceable articles etc. and Rs. 34,899 invested during the year, the net expenditure for 1932 was Rs. 51,58,993. The average cost of each diet was Re. 0-4-11.

Statement H.

9. On the 1st January 1932, the invested capital stood at Rs. 17,87,191. During the year Rs. 34,899 were invested and securities worth Rs. 5,858 were sold or withdrawn leaving a balance of Rs. 1,816,232 at the end of the year.

Statement of Medical and Health Services and Trained Midwives and Nurses.

The total number of Medical Officers employed in State Public, State special, Local and Municipal Fund and Private aided institutions during the year 1932, was 637. Out of this number 160, were employed in the

rural areas and 477 in urban areas. Similarly the total number of Health Officers including Sanitary Inspectors during the year in the Health Department was 126. Out of these 5 were employed in rural and 121 in urban areas. The total strength of Nurses and Midwives in Medical as well as in Health Department was 537 out of which 53 were in rural and 484 in urban areas.

General Remarks.

Financial stringency has been severely felt, and has militated against the carrying out of much that is wanted.

I have the honour to be,
Sir,
Your most obedient servant,

(Signed) H. R. NUTT,
Major-General, I.M.S.,
Surgeon-General with the Government of Bombay.

APPENDIX I.

Civil Hospital and Dispensary Statistics.

STATEMENT A.

Showing the number of Civil Hospitals and Dispensaries in the Bombay Presidency during the year 1932.

(Total population of the Province—30,322,512.)

Class of Civil Hospitals and Dispensaries.	Number open on 31st December 1931.		Number opened during the year 1932.		Number closed during the year 1932.		Number transferred to other department or class.		Number open on the last day of the year 1932.		Remarks.
	Rural.	Urban.	Rural.	Urban.	Rural.	Urban.	Rural.	Urban.	Rural.	Urban.

Total for the Province ..	329	346	3	6	..	..	..	8	332	344	

Classes I and II.—These include all institutions maintained by provincial funds and under Government management. The fact that an institution possesses endowments or receives contributions from local funds or private subscriptions has not been regarded as a reason for not classing it as "State" when provincial and imperial funds are practically responsible for all the charges connected with it. Class I—"Public" are State Dispensaries which are open to the poorer classes of the public. Class II are State Dispensaries which serve only a special section of the public as indicated in the sub-classification attached.

Class III.—Local fund dispensaries include all institutions which are vested in local boards or municipalities or guaranteed or maintained by local or municipal funds. The fact that such an institution is aided by private subscriptions or receives assistance from Government in the shape of part of the salary of the medical officer, grants of medicine, or otherwise, has not been regarded as a reason for not classing it as a local fund dispensary, when its existence is practically dependent upon local funds.

Class IV.—Comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or local funds.

Class V.—Comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers has not been regarded as a reason for not treating it as a private non-aided dispensary.

Class VI.—Comprises all railway dispensaries whether maintained by State railways or others.
